

Tablecloths (Premium style): Artwork dimensions

Aim: To provide instruction on how to set up the artwork for premium style tablecloths. The cloth is centred on the table.

Premium style tablecloths are durable and washable. Artwork can be full coverage.

The tablecloth is one standard size, designed to fit a standard table of 1800mm long x 750mm wide. If your table is wider than this, the tablecloth will have a smaller drop. If the table is narrower, the tablecloth will have a longer drop. However, please use the measurements indicated below.

The height of the document is 2220mm.
The width of your document is 3300mm.

The tablecloth material is white. If you wish the cloth to be a different colour, this is to be represented in your artwork. The colour is to be extended past the hem line to the edge of the document.

Do not place important elements close to the edges. Allow at least 100mm distance from the table top. Allow at least 100mm distance from the hem line at the bottom of the tablecloth. Allow at least 100mm distance from the drape area on each side.

If placing a logo on the table top, the recommended maximum width is 668mm. The recommended maximum height is 500mm.

-  Table
-  Hem line
-  Drape area, do not place important elements within this area
-  Safe area. Place artwork within this area, allowing at least 100mm from the edge of the table top; from the hem line; and from the drape area
